Dear Lauren

Re: Make good of office space at Waterfront Place, 1 Eagle Street, Brisbane

From the moment we contacted Future Fitouts Pty Ltd to brief their team on the project requirements we felt we were in expert hands.

Our Future Fitouts Project Manager reviewed the project elements in detail and clarified any vague tenancy agreement statements demonstrating deep knowledge and experience. This set the course for an efficient process that ran according to our agreed timelines and budget.

We were impressed with everyone we interacted with at Future Fitouts, from the Project Support Team Members to the General Manager, who showed a genuine work ethic and commitment to delivering the project as agreed and to a high standard.

We have no hesitation in recommending Future Fitouts to colleagues requiring this service.

Our departure from Waterfront Place in Brisbane's CBD was a smooth experience delivered with Future Fitout's professionalism.

Yours sincerely

Anthony Davis
Managing Director
